## Media worked with

Photography

Videography

3d modeling

Animation

Virtual Reality

## Senior project - Domie

Domie is an immersive art installment where a person enters a wooden dome and is surrounded by an abstract and colorful video.

## Anima - VR

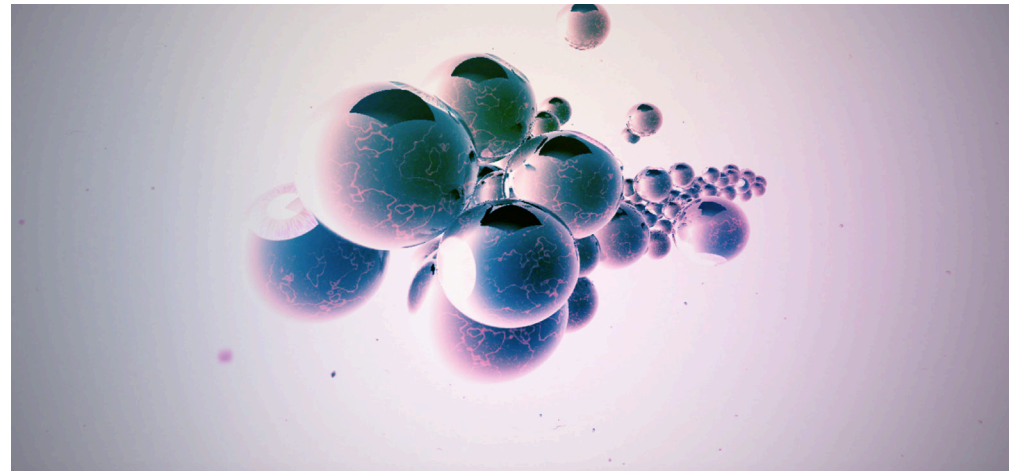

Anima is a VR experience where the user moves the vive controllers to traverse a strange world. The world transitions from day to night and various objects speak to you.

## Video screenshots

The videos I have created tend to lean more towards abstract visuals and creating a mood with various colors and sounds.

## Misc. works

Snapshots of other various works I've done including; bookmaking, collage and photography
